President

1. Not much done over the holidays, but still doing some almost completed database programming to be able to collate and analyze measurements from PurpleAir particulate monitors here in Silver Valley.

Water Committee

1. Discuss results of 12/12/2018 meeting and developments that have evolved since then.
2. Schedule first 2019 meeting of the committee.

Old Business

Newberry/Harvard Property Owners Association Meeting Agenda

Noon, Saturday, January 12, 2019
Newberry Springs Family Center

New Business

1. Discuss the future of the NSHPOA, and what to look forward to in 2019.

So far, there have been few volunteers willing to assume offices with the Association and the consequent responsibilities associated with those offices. Bob Vasseur has contributed as much time as is possible considering his domestic responsibilities, and would like to have others shoulder a portion of Association burdens.

Bob has indicated that he will no longer be able to guide the organization beyond the end of 2019, and, since the NSHPOA is so important to resolving very important issues like water overdraft, soil contamination, and unwelcome utility solar intrusion, it is incumbent on community members at large as well as Association members to step up to the plate as helping to amplify our voice with the various agencies charged in controlling such issues.

2. Nominations for officers for 2019

So far there have been no nominations for 2019 officers.
