

# Newberry Springs/Harvard Property Owners Association - Meeting Minutes

Saturday, November 11, 2017

The regular meeting of the NSHRPOA convened and called to order 10 a.m. at the Newberry Springs Senior/Family Center. There were twelve attendees.

Robert Vasseur chaired the meeting. Jerry Holstein volunteered later to take meeting minutes.

The discussion began with the position that the Association is a continuation of the old and respected Association whose former Executive Committee had attempted to disband the organization unsuccessfully.

It was also mentioned by Mr. Vasseur that the organization is an implicit 501c(4), since it cannot exist as a 501c(3) because of inherent limitations that would be placed on the Association by formally requesting that status.

During the ensuing discussion Mr. Vasseur attempted to refute the contention of Ms. Deel, a director of the NSEDA that the Association had been properly disbanded by the existing executive committee in January of this year.

Letters were passed for signature among the attendees asking that the funds (approximately \$2000) transferred to the NSEDA as a result of the attempted dissolution be returned to the NSHRPOA, and that NSHRPOA records and files be returned as well.

Membership applications were passed among the non-member attendees who with one exception returned them with the appropriate membership dues.

\$100 was donated by attendees as a contribution to the annual American Legion Children's Christmas Party

Wayne and Linda Snively distributed blank petitions for signature that they mentioned would be forwarded to the judge responsible for the administration of the ongoing Water Adjudication asking that a viable solution to the Baja Area continue to be pursued.

Robert Vasseur was approved a President Pro Tem and Linda Snively as Secretary, and charged with opening and as signers on a two signature bank account for the NSHPOA.

It was decided that formal nominations and perhaps elections would take place at the December 9, 2017 meeting, for which the meeting time would be changed to noon, and the location changed to the back room of the Senior/Family Center.

The meeting adjourned at 11:05 a.m.
