

**NOTICE:**  
**SPECIAL WATER MEETING**  
**FOR RESIDENTIAL PUMPERS**

**Monday • January 5, 2015 • 2 P.M.**

**Newberry Springs Service Center**  
(Previously the Senior Center.)  
33383 Newberry Road • Newberry Springs, CA

**Re: Baja Areawide Sustainability Plan**

This is an opportunity for residential well pumpers to provide input to the Baja Areawide Sustainability Plan that will play a major role in new water regulations. If you don't understand it, come and listen.

This focus group meeting is for minimal producers only. A focus group meeting has been previously held with the farmers.

This meeting is scheduled to last 2-hours.

For this meeting, a minimal producer is defined as someone who is not a Stipulator, is not a lake owner, and who does not have an interest in any well that pumps over ten acre feet per year. Most all residents fall within this definition.

Hosted by:  
Newberry Springs Chamber of Commerce  
Newberry Springs-Harvard Real Property Owners Association  
CEQA-NOW  
Newberry Springs Community Alliance
